## ECONOMIC TYRANNY!

### THE SILENT AND DEADLY TERRORIST FROM WITHIN

On June 4, 1963, a little known attempt was made to strip the Federal Reserve Bank of its power to loan money to the government at interest. On that day President John F. Kennedy signed Executive Order No. 11110 that returned to the U.S. government the power to issue currency, without going through the Federal Reserve. Mr. Kennedy's order gave the Treasury the power "to issue silver certificates against any silver bullion, silver, or standard silver dollars in the Treasury." This meant that for every ounce of silver in the U.S. Treasury's vault, the government could introduce new money into circulation. The ramifications of this bill are enormous.

With the stroke of a pen, Mr. putting the Federal Reserve with stockholders) of New enough of these silver circulation they would have Federal Reserve notes. This certificates are backed by Reserve notes are not backed Order 11110 could have from reaching its current level, government the ability to the Federal Reserve and to create the new money. interest on its OWN MONEY?

The Federal Reserve Act was passed during an "emergency" session during the Christmas Holidays in 1913 when all but a few favorable Congressmen were out of town for the season.

Another U.S. President had power years before. That The U.S. government, despite Thomas Jefferson who said, *more dangerous than*

stripped a private bank of its man was Abraham Lincoln. warnings from men such as "Banking establishments are standing armies. (Jan. 26, 1779) began borrowing money from private banks owned by an elite international group of bankers. Lincoln created the Lincoln GreenBack. It was Constitutional money as the Constitution had decreed ("Congress shall have the power to coin money and regulate the value thereof." NOT the chief of the Fed). Months later an agent of the Rothchild banking system –John Wilkes Booth, assassinated him. Only 5 months after John Kennedy stripped the banks of their power, he was assassinated. This federal order has never been repealed, but the fear the U.S. politicians have of the international bankers is dominant in Washington D.C. and they will not make use of this powerful executive order.

One brave politician in the 1930's was the Chairman of the House Banking Committee – Louis T. McFadden. He was continually pointing out that monetary issues shouldn't be partisan, he criticized both Hoover and Roosevelt for their part in subjugating the U.S. to private money monopolies. In describing the Fed, he remarked in the Congressional Record, House pages 1295 and 1296 on June 10, 1932, that: "Mr. Chairman, we have in this country one of the most corrupt institutions the world has ever known. I refer to the Federal Reserve Board and the federal reserve banks. The depredations and the iniquities of the Federal Reserve Board and the banks acting together have cost this country enough money to pay the debt several times over. This evil institution has impoverished and ruined the people of the United States."

Some people think the federal reserve banks are United States Government institutions. They are NOT. They are private credit monopolies, which prey upon the people of the U.S. (and other countries) for the benefit of themselves. (The Communist Revolution was almost entirely financed by Jewish bankers from New York City) Foreign and domestic speculators and swindlers; and rich and predatory moneylenders. In that dark crew of financial pirates there are those who would cut a man's throat to get a dollar out of his pocket; there are those who send money into States to buy votes to control our legislations; and there are those who maintain an international propaganda for the purpose of deceiving us and of steering us into the granting of new concessions which will permit them to cover up their past misdeeds and set again in motion their gigantic train of crime. Private credit monopolies are deceitfully and

disloyally foisted upon nations by banking institutions and their families who use their incredible wealth to control and dictate government policy, social experimentation such as integration, and domestic upheaval.

Senator Elmer Thomas stated before the Senate on Feb. 22, 1933, 72<sup>nd</sup> Congress, 2<sup>nd</sup> session pg. 4700: *“Any time Wall Street wants a bill passed they send a suggestion down to Washington, and we are kept here sometimes until midnight to pass the bill. But if Wall Street is opposed to legislation in Congress, it cannot be gotten out of Committee, and it cannot be gotten before the Senate for consideration, and it has no chance of passing.”*

Benjamin Franklin: *“The refusal of King George to allow the colonists to operate on an honest, colonial money system, which freed the ordinary man from the clutches of the manipulators, was probably the prime cause of the Revolution.”*

(j) The authority vested in the president by paragraph (b) of section 43 of the Act of May 12, 1933, as amended (31 U.S.C.821 (b), to issue silver certificates against any silver bullion, silver, or standard silver dollars in the treasury not then held for redemption of any outstanding silver certificates, to prescribe the denomination of such silver certificates, and to coin standard silver dollars and subsidiary silver currency for their redemption. John F. Kennedy The White House, June 4, 1963. **This allowed Congress to issue currency – something that had been restricted by the Fed. Reserve Act. Kennedy brought \$4.3 billion in U.S. Notes into circulation – with no interest owed to any private bank. He was shot and killed 5 months later.**

Prior to the Civil War Benjamin Disraeli, Prime Minister of England, stated to the Rothchild families gathered for the wedding of Lenora Rothchild to her cousin, Alfonso, in 1857; *“Under this roof are the heads of the family of Rothchild, a name famous in every capital in Europe and every division of the globe. If you like we shall divide the United States into two parts, one for you James, and one for you Lionel. “ Many of our people still remain divided over this century old conflict that was begun by pitting Northern families against Southern families, both who had good points and bad points in an attempt to destroy both-fighting old battles takes our mind off of the current battle. Our enemies must be pleased.*

International financiers have incredible influence over who finds out about their manipulation of social causes. We know that not every journalist or reporter is “out to lie”, They are, for the most part, men and women who have been deceived by Marxist style universities and colleges (universities owing a great debt to the banks) They are victims also. But the owner of newspapers is another matter. Today, the media, whether it is radio, television, or print is just one peg in a mighty conglomerate of corporate wheels. They owe their “ownership” to the banks. Why is it so difficult to have truthful reporting on matters such as race, homosexuality, abortion, free trade, etc.? In addition, petty issues continually bombard us. One reporter, a member of *The Knights*, tried to do a sympathetic story on the hate crime issue pointing out the fact that whites are more often the victims. It was sublime to say the least, yet, she was told by her editor flat out NO! *“The publisher will not tolerate a piece like this.”*

John Swinton, editor of the **New York Times**, stated at the annual dinner of the **American Press association**, as far back as 1914 that; *“There is no such thing as an independent press in America. You know this and I know it. Not a man among you dares to utter his honest opinion. Were you to utter it, you know beforehand that it would never appear in print. We are marionettes to the elitists behind the scenes. These men pull the strings and we dance. Our time, our talents, our lives, our capacities are all the property of these men —we are intellectual prostitutes.”*

This is just a summary of the hold that international financiers have over our nation. Their actions are contrary to everything that is Christian – their enormous profits are enabling them to even Judaize Christianity through their control of the publishing houses that print the books *up and coming* preachers learn from. A member of *The Knights* attended the largest *Christian Book Sellers Association* convention in America in Jan. 2002. He reports that over 80% were Jews –many straight from Jerusalem. We are reminded of Jesus going into the synagogue and thrashing the tables of the moneychangers. The Bible contains many passages warning us of the attempt to subvert Christians by unethical uses of money. However, it is not money that is evil, it is the LOVE of money that is evil. Today, we must use our credit wisely. We must not be consumed by using our resources for continual acquirement of luxury or entertainment, but use it to support the causes of which will better our people and will awaken them to the yoke they are under. The Bible commands 10% of our income to be used for the care of the people whether it be for community improvements, for the sick, the elderly, the orphan, or the widow. Thus, income tax is not unBiblical. However, the politicians owned by the unlawful banking system, have subverted our hard-earned money to support thousands of programs aimed at destroying White Christian America. This we can not change immediately, but we can and should as Christians financially support the Christian opposition to tyranny. God promises to bless your cheerful financial sacrifices with financial increase. Share this leaflet with your friends and family and let them know the bondage they are under and their responsibility to warn others. Even those liberals among the colleges, media outlets, and churches have a right to know that they are being used as pawns to destroy their own future. Together lets help put an end to tyranny over America!
